

THE LONDON
ADVANCED TRAINING COURSE
For Brown and Black Belts

Saturday, 28th February 2009
Newcross Dojo, London SE15

We are very privileged in the EGKA to have so many high ranking seventh, sixth and fifth Dans. The concentration of knowledge and accumulated skill these Black belts possess is a valuable resource that is only equalled in Japan.

As the EGKA's Chief Instructor, Sensei Ernie is determined to make sure this knowledge is passed back down the line to unify and raise still further the existing high standards of karate all Brown and Black belts practice across the country.

With this objective in mind, **all** Brown and Black belts across the southern region are encouraged to attend this event, **especially if they intend to grade** later in the year.
